READER'S GUIDE

The first critical reading of this budget document is the City Manager's Budget Message. The reader will gain an understanding of the City's vision for the future.

The reader can review details on new programs, capital outlay, and capital improvements. The funding implications for these programs are identified on a millage summary page.

The Fiscal Year 2019 budget is presented by fund. The fund categories include:

- General Fund
- Building Inspection Fund
- Road and Bridge Fund
- Police Confiscation Fund
- Parking Lot Fund
- Capital Projects Fund
- Debt Service Fund
- Stormwater Fund
- Water-Sewer Funds
- Water-Sewer Capital Projects Fund

In each of these funds, the order of presentation is the same. The first page of the fund shows summary information which includes:

- Beginning Fund Balances – FY 18
- Closing Fund Balance – FY 18
- Revenues and Expenditures for Current Fiscal Year
- Fiscal Year 2019 Budget Summary

The General Fund section also highlights the departments within that fund. More detailed information is provided in each Fund, departmental and other fund summaries.

The department budget presentations consist of a narrative description and a summary of personnel information. The departmental budget section consists of the department's costs by summary categories (personnel, operating, and capital outlay). Non-operating costs (general debt payments and inter-fund transfers) are also shown in the budget sections, when appropriate.

Requests for funding submitted to the City Manager for modifications to programs are represented in the budget.

READER'S GUIDE (CONTINUED)

The capital projects section represents only those items which are recommended by the City Manager for funding consideration. Information included for these funds consist of a summary of the requests, a table of current year recommended appropriations, and a description of each of the projects. Funding sources for the recommended projects are also identified.

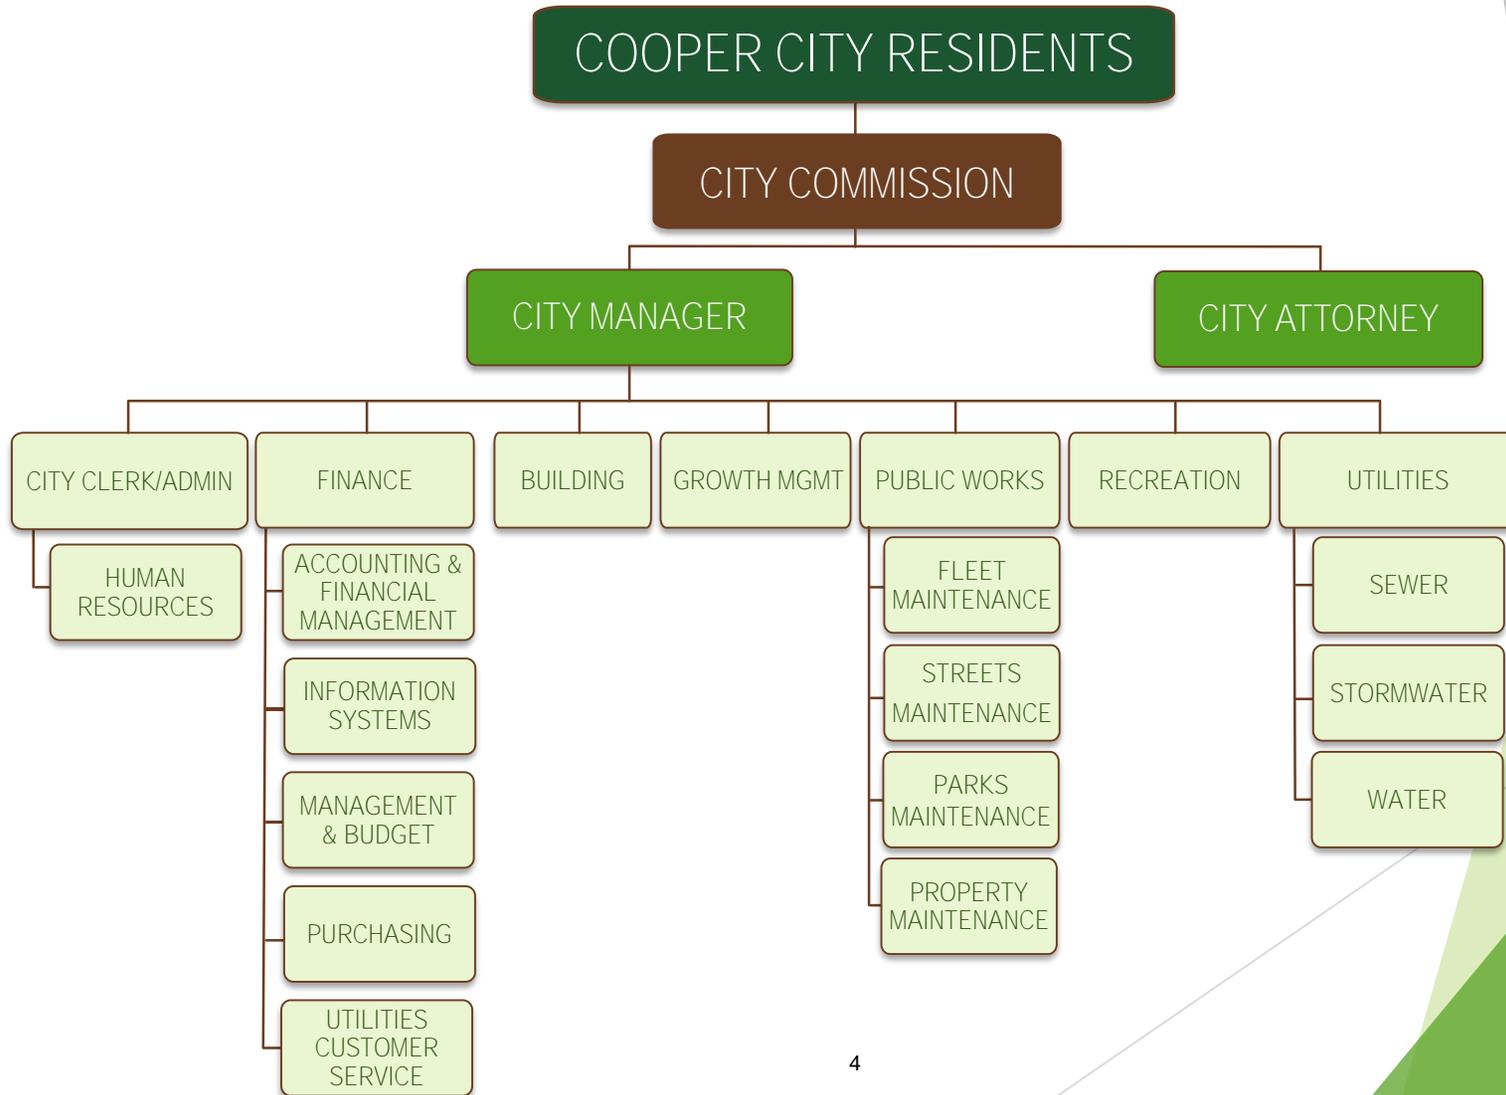

GFOA BUDGET AWARD – 1st SUBMITTAL

The City of Cooper City is excited to submit this budget for review for the Distinguished Budget Presentation Awards Program. The City looks forward to any guidance from the Government Finance Officers Association for subsequent budget submissions. The City's goal for future budget development includes the creation of strategic goals and strategies for the City as a whole as well as the individual departments of the City. The City looks forward to creating and implementing performance measures within the next two. The City is newly a member of the Florida Benchmarking Consortium, which will allow the City to develop effective and efficient performance measures. The individual City departments will gain access to useful and meaningful information that will work to improve services and operations.

Staff is available to assist in understanding the budget document at MELIANOR@COOPERCITYFL.ORG or SWALKER@COOPERCITYFL.ORG or at 9090 SW 50 Place, Cooper City, FL 33328.

The City of Cooper City 1959 and Beyond

Historical Information

Cooper City, Florida, incorporated in 1959, is located in the southwestern part of Broward County in the southeastern part of the state. It is a bedroom community with very limited growth. Cooper City currently occupies a land area of eight square miles with a population of 33,671. The City is empowered to levy a property tax on both real and personal properties located within its boundaries. It also is empowered by State statute to extend its corporate limits by annexation, which occurs periodically when deemed appropriate by the City Commission.

Government Structure

The City currently operates under the Mayor/City Commission/City Manager form of government. Policy-making and legislative authority are vested in a City Commission consisting of the Mayor and four other members. The City Commission is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring both the City Manager and City Attorney. The City Manager is responsible for carrying out the policies and ordinances of the Commission, for overseeing the day-to-day operations of the government, and for appointing the heads of the various departments. The Commission is elected on a non-partisan basis. Commission members serve four-year staggered terms, with two Commission members elected every two years. The Mayor is elected to serve a four-year term. The four Commission members are elected at large to represent a certain district within the City. The Mayor is elected at large.

The City provides a full range of services, including police and fire protection through a contract with the Broward Sheriff's Office (BSO); the construction and maintenance of streets and other infrastructure; water and sewer; stormwater; growth management; recreational activities and cultural events. Garbage services are provided through a franchise agreement with a private company.

Financial Stability and Sustainability

The annual budget serves as the foundation for the City's financial planning and control. All City departments are required to submit requests for appropriation to the City Manager. The City Manager then presents a proposed budget to the Commission for review prior to July 1st. The Commission is required to hold public hearings on the proposed budget and to adopt a final budget by no later than September 30, the close the City's fiscal year. The budget is prepared by fund and department (e.g., Recreation) and monitored at the activity level within each department. However, at the City Manager's discretion, actual expenditures may exceed their budget within an individual department. Transfers of appropriations between departments, in excess of 2.5% of total budget, require the special approval of the City Commission. Expenditures may not, however, legally exceed their budget at the individual fund level. Only the City Commission can legally amend the original budget once it is enacted.

Mission Statement

To provide excellent services and facilities to support a high quality of life for our residents.

BUDGET MESSAGE

June 29, 2018

The Honorable Greg Ross
and Members of the City Commission
City of Cooper City
9090 Southwest 50th Place
Cooper City, Florida 33328

Dear Mayor and Members of the Commission:

General and Special Funds Budget and Millage Rate

Please accept this proposed 2018-19 fiscal year budget. The proposed General and Special Funds budget reflects the following:

1. Public Safety (BSO Contract Increase, last year under current contract terms and conditions) \$2.2 million.
2. The General Fund budget has been balanced with \$2.6 million from the fund balance reserves.
3. Two percent cost of living and two percent merit increases are provided for in this budget.
4. The General and Building Inspection Services Funds budgets have been balanced with \$2.6 million (General Fund) and \$2,900 (Building Inspection Services Fund) from fund balance reserves.
5. General areas that include appropriations to maintain the current level of service include:

a. Vehicles	\$ 69,500
b. Tree trimming	\$200,000
c. Contract mowing	\$373,000
d. Sidewalk repairs	\$200,000
e. Road resurfacing	\$150,000
f. Sidewalk pressure cleaning	\$150,000
g. Street sweeping	\$ 20,000
6. A fifteen percent increase in liability insurance premiums.
7. General Fund contribution of \$2.1 million for various capital projects.
8. The Parking Lot Fund expenses didn't increase for FY2018-19.

The total current citywide millage rate is 7.2678 with debt service millage. The proposed budget reflects a millage rate of 7.1347, with a shift of 0.1331 from the debt service millage to the operating millage. As you know, the final millage rate to be adopted in

September may be equal to or less than the proposed rate, however the City cannot exceed the proposal in its final adopted millage.

The City fire services assessment will remain at \$161.28 for residential households annually. Six years ago was the final increase in the fire assessment in accordance with the 5-year program adopted in fiscal year 2008-09.

Similar to last fiscal year, the activities of the Building Department are budgeted in a separate self-supported fund. Consequently, this fund includes all the estimated revenues and expenditures of this function. It also includes an administrative charge for the services provided by the Departments in the General Fund to this fund.

Water and Sewer Operating, Capital Improvement and Stormwater Utility Funds

Also attached for your consideration are the proposed Fiscal Year 2018-19 expense and revenue budgets for the Water & Sewer Operating Fund, the Water & Sewer Renewal & Replacement Fund, the Water & Sewer Capital Improvement Fund and the Storm Water Utility Fund.

Expense Budgets

The recommended budget for the Water & Sewer Operating Fund is \$12,190,460 which is an increase of \$709,240 (6.18%) compared to the current year amended budget. Notable increases/decreases to the budget include:

- An increase of \$350,000 in transfers to the Water & Sewer Capital Improvement Fund, corresponding to the planned improvements.
- An increase in Capital Outlay for software program (\$305,000), equipment (\$135,000) and a purchase of a new truck (\$50,000).

The Water & Sewer Capital Improvement Fund budget for FY 2018-19 is recommended at \$2,127,500 which reflects the city's continued investment in planned infrastructure replacement/rehabilitation projects. This includes \$450,000 for replacement of the 0.5 million-gallon steel water tank at the water treatment plant site, \$750,000 for rehabilitation of sewer lift stations, \$200,000 for replacement of a pump station, and \$300,000 for improvements to the Wastewater Collection.

The recommended budget for the Storm Water Utility Fund totals \$699,950, which is a decrease of \$175,330 from **the current year's budget. The debt service is estimated to be \$187,000 annually for ten years.**

Estimated Revenues

In accordance with City Resolution 08-2-3, the current water and sewer rates are to be increased proportionally with the annual increase to the U.S. Department of Labor Consumer Price Index for All Urban Consumers CPI (U) U.S.

CITY OF
Cooper City
Someplace Special

Greg Ross, Mayor
John Sims, Commissioner
Lisa Mallozzi, Commissioner
James C. Curran, Commissioner
Jeff Green, Commissioner
Bruce D. Loucks, City Manager

City Average, subject to confirmation by the Commission. The CPI increased by 2.8% during the period of May 2017 through May 2018. Based on this information we recommend a 2.8% increase to the current rates. Anticipated revenue at the recommended rate is sufficient to fund the budgets proposed above.

Regarding the Storm Water Utility Fund rates, the current rates are not sufficient to fund the proposed operating and debt expenses without appropriation from fund balance. Future rate increases are anticipated.

Staff and I shall make ourselves available to you in reviewing this budget in detail.

Sincerely,

Bruce D. Loucks
City Manager

BDL/mpa

December 1, 2018

Honorable Greg Ross and Members of the City Commission,

In accordance with Article V, Section 5.02 and Section 5.03 of the City Charter, I am pleased to present to you the Adopted Budget for Fiscal Year (FY) 2019 for your review and consideration. A copy of the Adopted Budget is available for inspection in the City Clerk’s office or a user friendly electronic copy may be found on the City’s website, www.coopercityfl.org. As demonstrated by the Adopted Budget the City is committed to support financial needs with practical management/leadership to continue to provide a vision for the future.

The Fiscal Year 2019 Adopted Budget represents one of the most important documents presented to and approved by the City Commission. The budget document serves as a guide for the City’s operational and financial plan for delivery of City Services.

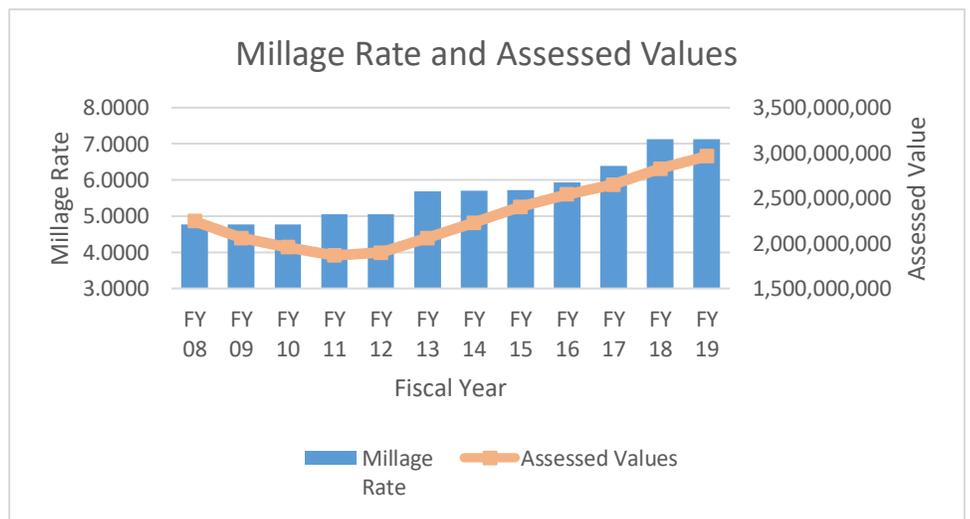

Cooper City, like all cities in Broward County, was impacted by two major storms during fiscal year 2017. Hurricane Matthew hit the State at the beginning of the fiscal year 2017, while Hurricane Irma made landfall in the State at the close of the fiscal year. Hurricane Irma was considered a major hurricane, the strongest Hurricane to hit our area in more than a decade. Costs associated with debris removal have totaled over \$3.4 million in Fiscal Years 2017 and 2018.

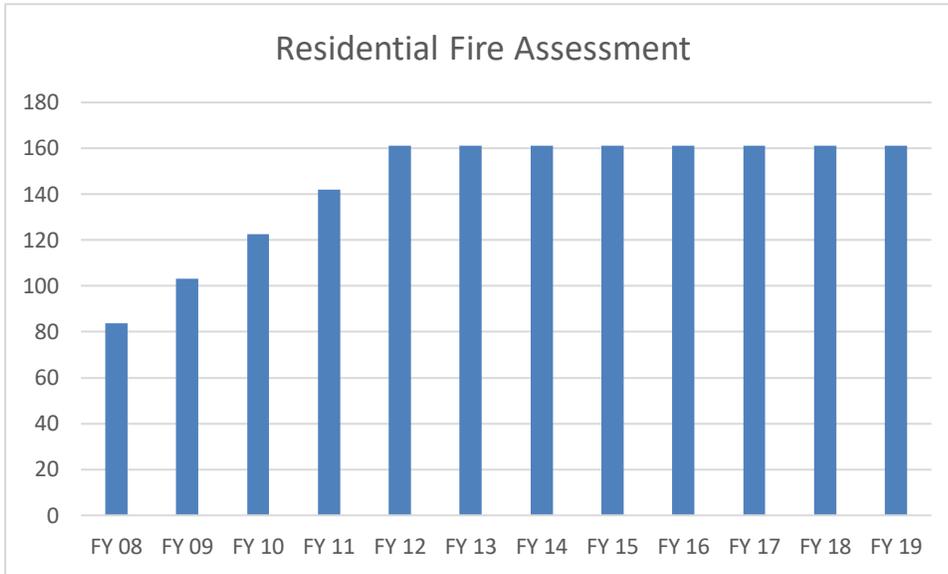

Budget Overview and Highlights

General Fund

The General Fund adopted revenue for Fiscal Year 2019 is \$40,170,050, a decrease of \$3.7 million or 8.5%, mainly due to a decrease in appropriation from fund balance and grant revenue.

For the eighth consecutive year Cooper City’s taxable value increased and now stands at \$2.96 billion. Taxable values increased \$136 million (4.9%). That results in a \$724 thousand boost in ad valorem tax revenue which assists in the coverage of the BSO contract increase of 5%. The total current citywide millage rate is 7.2343. The proposed budget reflects a millage rate of 7.1347 mills, with a debt service millage of 0.0996 mills.

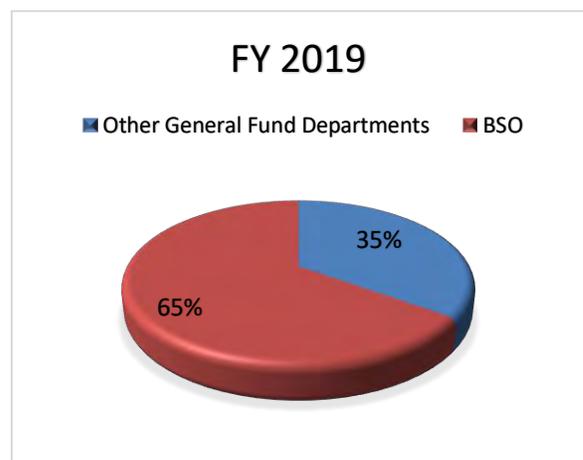

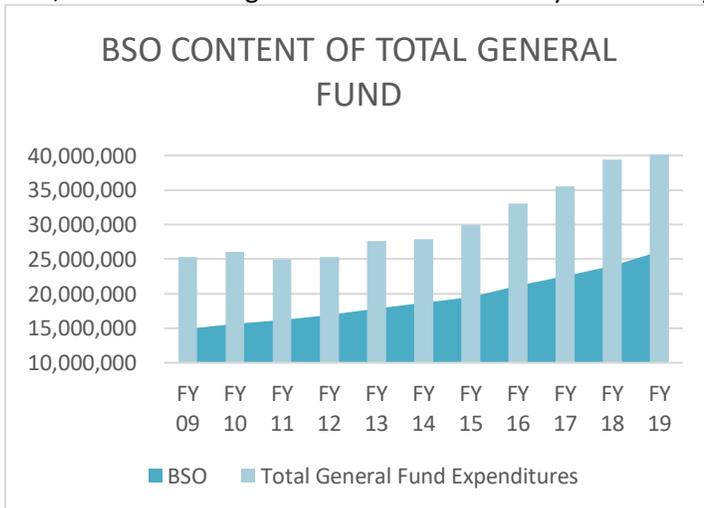

The City fire services assessment will remain at \$161.28 for residential households annually. The last increase in the fire assessment was in Fiscal Year 2012, in accordance with the 5-year program adopted in Fiscal Year 2008.

Other Sources/Transfers

In Fiscal Year 2019, budgeted appropriation from fund balance decreased by \$1,867,180 to \$2,621,450. The decrease is mainly attributable to expenses related to Hurricane Irma damages. Transfers in from other funds include Parking Lot Fund (\$37,000), Stormwater Fund (\$30,300) and Water & Sewer Fund (\$1,000,000).

General Fund Expenditures

Total General Fund expenditures for Fiscal Year 2019 are \$40,170,050. A significant portion of the City’s budget is comprised of the contract with Broward Sheriff’s Office (BSO) for Police, Fire, and Code Enforcement. Current contract provisions allow for a 5% increase in costs from year to year. The City is in its final contract year with BSO, contract negotiations are currently underway.

Due to the requirement to fund public safety, the City is limited in its budget flexibility for the remaining departments and/or services of the City. As such, key factors and changes in Fiscal Year 2019 are included below:

- Two percent cost of living and two percent merit increases,
- Increase in required contributions to the Florida Retirement System (FRS),
- Increases in contribution requirements for Police Pension Plan and Fire Pension Plan,
- Decreases in contribution requirements for General Employee Pension Plan (GEPP),
- Fifteen percent increase in Liability Insurance Premiums, and
- General Fund transfer to Capital Projects Fund of \$2.1 million for various projects.

Other Governmental Funds

Road and Bridge Fund

The Road and Bridge fund accounts for the maintenance and improvements of streets and surrounding rights of way infrastructure such as sidewalks, bike paths, and trees. Revenue sources are local option taxes from the State and interfund transfers from the General Fund. The total budget for FY 2019 is \$1,749,000.

Other Special Revenue Funds

Other special revenue funds include the Police Confiscation Fund and the Building Services Fund. The Police Confiscation Fund is funded solely on the proceeds of the sale of assets confiscated attributable to criminal activity and receive no funding from the General Fund. The Building Services Fund's primary source of revenue is from building permits, but does receive General Fund funding on occasion as needed.

Debt Service Fund

The debt service fund is used to account for the repayment of the City's general long-term debt. The funding of the Debt Service Fund is Ad Valorem taxes. The budget for Fiscal Year 2019 is \$295,000. The sole debt within the fund matures on March 31, 2019.

Capital Improvement Fund

The Capital Improvement Fund is used to account for major governmental capital improvements in the City. The funding for the Capital Improvement Fund is mainly derived from transfers from the General Fund and grants. The total budget for FY 2019 is \$2.5 million, which is a decrease of \$2.3 million from FY 2018. For FY 2019 major projects include a building department renovation (\$540,000), PW Building Department Design costs (\$300,000), Lighting Design Project (\$400,000), Building Generator at the Pool & Tennis Center (\$200,000), Pergola (\$150,000), weight room renovation at Pool & Tennis Center (\$150,000), and City-wide card access (\$150,000).

Enterprise Funds

Parking Lot Fund

Parking Lot Fund is used to account for the operation and management of the City's two parking lots for RV and boat storage. The total budget for this fund for Fiscal Year 2019 is \$118,300. Parking lot space rental fees fully cover the cost of operations.

Stormwater Fund

The Stormwater Fund is used to account for the management and operation of the City's stormwater system. The budget for Fiscal Year 2019 is \$699,590.

Water & Sewer Fund

Water & Sewer Fund is comprised of the Water and Sewer Fund and the Water and Sewer Capital Improvement Fund. The Water and Sewer Fund accounts for the management and operations of the water and wastewater systems. The total budget for Fiscal Year 2019 is \$12,090,460. The Water and Sewer Capital Improvement Fund accounts for the capital improvements of the water and wastewater systems. The total budget for Fiscal Year 2019 is \$2,127,500, which is a decrease of \$2.2 million from FY 2018. This decrease is mainly attributed to a one-time payment for a wastewater reuse agreement for \$3.5 million in FY 2018 and an increase in improvement projects for wastewater lift stations.

Acknowledgements

The development and preparation of this year's budget book required a considerable amount of time and effort. This document which insightfully charts the direction of the City for the coming year could not be developed without the effort of many individuals. Gratitude is extended to the Department Directors and staff for their patience and support in the preparation of this book. I would also like to thank the Mayor and City Commissioners for their dedication in making Cooper City "Someplace Special".

Sincerely,

Marie W. Elianor
Interim City Manager

LONG-TERM FINANCIAL POLICIES

Investment Policy

Investments in the City shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio and to meet the cash flow demands of City operations.

- To maintain the safety of public funds, the City shall diversify its investments to avoid incurring unreasonable and avoidable risk.
- The City's investment strategy shall provide sufficient liquidity to meet the City's operating, payroll, and capital requirements.
- The City's investment portfolio shall be designed with the intent of attaining a market rate of return throughout budgetary and economic cycles, while minimizing investment risk.
- Asset protection measures required by the Florida Statutes are incorporated.

Accounting and Reporting Policy

All financial transactions of the City shall be properly authorized, documented, and reported.

- All disbursements of funds shall be within budget limits, authorized at the appropriate level, and supported with proper documentation.
- Monthly financial and performance reports shall be prepared and distributed to the City Commission, City Manager, and Department Heads by the Finance Department.
- An independent audit of the City's financial books, records, statements, and reports shall be conducted by a Certified Public Accountant annually.

Position Authorization and Attrition

Only positions authorized by City Commission, funded in the budget, and operationally warranted shall be filled.

- Positions shall be authorized by City Commission annually through the budget process or through budget amendments as needed and as funding exists.
- Vacant positions will be reviewed by the Department Head and the City Clerk/Director of Administrative Services before the position is filled to ensure the need and urgency of filling the position warrants immediate recruitment.

Grant Management

Outside sources of revenue through grant funding shall be maximized. However, careful consideration to departmental objectives and programming priorities shall be given before grant applications are prepared. Duplication of services shall be avoided and expanded levels of service shall be analyzed thoroughly before proceeding with a funding request.

LONG-TERM FINANCIAL POLICIES (CONTINUED)

Budget Preparation and Adjustment

City budgets shall be planned and prepared to conform to State law and Article V, Section 5.02 of the City Charter.

- The legal level of authority shall be at the department level.
- The annual City budget shall be approved by September 30th preceding the fiscal year which begins October 1st and ends September 30th.
- During the development of the budget, the impact of the proposed budget on the next fiscal year will be evaluated.
- Once the budget has been adopted, the City Manager may authorize the transfer of any unencumbered appropriation balance between general classifications of expenditures within a department.
- At the close of each fiscal year, the unencumbered balance of each appropriation shall revert to the respective fund from which it was appropriated.

Debt Management

Borrowings in the City shall be undertaken in a manner which seeks to ensure efficiency and equity for the taxpayers.

- Efficiency means getting the best return for a given commitment of resources. When the efficiency with which government services are performed can be greatly increased by substituting capital expenditures for current expenditures, debt shall be considered.
- Equity means that the beneficiaries from capital expenditures shall pay for them. Maturity of the debt shall be approximately equivalent to the period over which the asset will be used.

Working Capital/Fund Balance

A fund balance reserve shall be maintained in the General Fund to ensure adequate cash flow. This reserve should be an amount equal to two months of budgeted operating expenditures. Adequate fund balance and reserves shall be maintained in the Special Revenue and Enterprise Funds as appropriate for the use designated.

Preservation of Capital Assets

Sufficient funds shall be appropriated each year for the purpose of preserving and replacing capital assets that are vital to the ongoing delivery of government services.

- Specific schedules for routine capital maintenance of City facilities shall be developed and funded as revenues allow.
- Specific schedules for the replacement of vehicles and computer equipment shall be developed and funded as revenues allow.

BUDGET SUMMARIES

BUDGET PROCESS

Balanced Budget

Pursuant to Florida Statute 166.241(2), all municipalities within the State of Florida must adopt a budget each fiscal year by ordinance or resolution unless otherwise required by the City's Charter. The statute requires that the adopted budget must regulate expenditures/expenses of the City and the City may not expend or contract for expenditures/expenses in any fiscal year except pursuant to the adopted budget. The budget must be balanced from amounts available from taxation and other sources (including amounts carried over from prior fiscal years) to total appropriations for expenditures/expenses and reserves.

Budget Preparation and Adoption

The City Manager holds two budget workshops in late April with City staff and the public. These budget workshops provide an opportunity for residents to outline their priorities for the upcoming fiscal year. The City Charter requires that the recommendations from the public input process are then presented to the City Commission for their review and consideration. The City Commission then holds two budget workshops in late May with City staff and the public for the purpose of reviewing and considering the recommendations resulting from the public input process. These meetings enable the City Manager to obtain input from the City Commission on recommended funding for projects and programs of public interest.

The City Charter requires the City Manager to submit a proposed budget and budget message to the City Commission by July 1st of each year. The proposed budget includes expenditures/expenses and the means of financing them. Two additional budget workshops are held by the City Commission to review the proposed budget. Pursuant to Florida Statutes, two public hearings are held in September, the first public hearing is for the adoption of tentative millage rates and tentative budget. Within fifteen days after the first public hearing, the City must advertise the final (second) public hearing in the newspaper. The City must hold the second public hearing two to five days after the advertisement appears in the newspaper. The second public hearing adopts the final operating and debt service millage rates, the annual budget, and the Capital Improvement Program. The appropriated budget is prepared by department/division, fund, and functional units.

BUDGET PROCESS (CONTINUED)

Budget Monitoring

The budget is monitored monthly by the Accounting/Budget Division to track variances between the budgeted and actual amounts. Variances are identified and investigated. Departments are also required to monitor their budgets.

Budget Amendments

Florida law regarding budget amendment policies states that amendments may be made anytime during the fiscal year or within 60 days after the end of the fiscal year. The City's Charter requires that budget amendments are to be approved as an ordinance.

BUDGET CALENDAR	
DATE – 2018	SCHEDULE
March 1	Budget Development Start – Schedule Budget Meetings with all Departments
March 30	Budget Preparation Package Distributed
April 25 and 26	Budget Workshops - City Manager (2)

BASIS OF ACCOUNTING AND BUDGETING

Basis of accounting is when revenues and expenditures/expenses are recognized in accounts and reported in the City's financial statements. This basis is also related to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide financial statements are reported using the *economic resources measurement* focus and the *accrual basis of accounting*, as are the proprietary fund financial statements and fiduciary fund financial statements. The basis of budgeting for proprietary and fiduciary funds is the same used for the basis of accounting in the City's audited financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenues as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. The basis for budgeting these funds is the same used for the basis of accounting in the City's audited financial statements. Revenues are recognized in the accounting period in which they become measurable and available to finance expenditures of the current period. Measurable is the amount of the transaction that can be determined and available is collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers revenues to be available if they are collected within 60 days of the end of the fiscal year. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments, are recorded only when payment is due.

Property taxes, sales taxes, franchise fees, utility taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recorded as earned since they are measurable and available. In applying the susceptible to accrual concept to intergovernmental revenues, revenues are recognized when all eligibility requirements are met. All other revenue items are considered to be measurable and available only when cash is received by the City.

BASIS OF ACCOUNTING AND BUDGETING (CONTINUED)

Financial transactions of the City are recorded in individual funds. The operations of each fund are accounted for using a separate set of self-balancing accounts. These accounts consist of assets, liabilities, deferred outflows/inflows of resources, net position/fund balance, revenues, and expenditures/expenses. Fund accounting is used to demonstrate legal compliance and to assist financial management by segregating transactions related to certain government functions or activities.

The City maintains accounting records in accordance with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard setting body for governmental accounting and financial reporting.

BUDGET OVERVIEW

The City of Cooper City is a municipal government located in Broward County in the South Florida area. The City, the Broward County School Board, the County, the State of Florida and various other entities have separate taxing authorities. Each governmental unit is responsible for specific service provisions to Cooper City residents.

The City of Cooper City Budget currently provides budgets for various different fund types. Governmental Generally Accepted Accounting Principles (GAAP) require fund accounting to be utilized. The operations of each fund are accounted for in a separate set of self-balancing accounts, which is comprised of assets, liabilities, deferred outflows/inflows of resources, net position/fund balance, revenues, and expenditures/expenses. Funds may be continuous or may be closed out after their special purpose has been served. A detailed listing of all City funds is included in the “Fund Descriptions” section of this budget book.

The City's primary sources of revenue are ad valorem taxes, utility service taxes, franchise fees, public safety revenues, charges for services, intergovernmental revenues, stormwater revenues, and water/wastewater revenues. Additional revenue is derived from interest income, fines and forfeitures, licenses and permits, and other miscellaneous revenues.

The City's major expenditure categories include general government, public safety, economic and physical environment, recreation, public works, and capital outlay in the General Fund. Other major categories include debt service, operating and administrative expenses, and capital projects in the other governmental and the proprietary funds. The City's budgeted governmental funds include the General Fund, special revenue funds, a debt service fund, and a capital projects fund. Proprietary funds include the City's enterprise funds. Detailed expenditure/expense information is listed throughout this budget book.

The City provides its residents with a full range of services. A brief listing of City services include the following:

- Police and Fire Services
- Emergency Medical Services
- Recreational Programs
- Infrastructure Improvements
- Planning and Zoning
- General Administrative Services
- Water and Wastewater Services
- Stormwater Services

FUNDS OVERVIEW

General Fund

Purpose: This fund is used to account for all financial transactions, except those required to be accounted for in another fund.

Funding Sources: Revenue is derived primarily from property taxes, utility taxes, franchise fees, state and federal grants, and other governmental revenue.

Departments: City Commission, Administration, City Clerk, Finance, Legal, Boards & Committees, Nondepartmental, Building, Growth Management, BSO Code Enforcement, Public Works Administration, Property Maintenance, Parks, Fleet Services, BSO Police, BSO Fire, and Recreation.

Building Fund

Purpose: This Special Revenue Fund is used to account for the financial transactions of the Building department.

Funding Sources: Revenue sources are permits, service charges, and interfund transfers.

Departments: Building

Road and Bridge Fund

Purpose: This Special Revenue Fund is used to account for the maintenance of streets and roads.

Funding Sources: Revenue sources are local option taxes from the State and interfund transfers from the General Fund.

Departments: Streets Maintenance

Police Confiscation Fund

Purpose: This Special Revenue Fund provides accountability for assets confiscated from individuals who have committed a crime.

Funding Sources: Revenue source is confiscated property sale proceeds.

Departments: BSO Police

FUNDS OVERVIEW (CONTINUED)

Debt Service Fund

Purpose: This fund is used to account for the repayment of the City's general long-term debt.

Funding Sources: Revenue is derived from Ad Valorem taxes.

Departments: General Debt

Capital Improvement Fund

Purpose: This fund is used to account for major capital improvements.

Funding Sources: Revenue sources are derived from various state and federal grants, impact fees, and transfers in from the General Fund.

Departments: Managed by Public Works.

Parking Lot Fund

Purpose: This fund is used to account for the income and expenses of operating the City's parking facility system.

Funding Sources: Revenue is derived from service charges and user fees.

Departments: Parking Facilities

Stormwater Fund

Purpose: This fund is used to account for the income and expenses of the City's stormwater system.

Funding Sources: Revenue sources are service charges and local and state grants.

Departments: Stormwater

Water and Sewer Fund

Purpose: This fund is used to account for the income and expenses of operating the City's water and sewer system.

Funding Sources: Revenue sources are service charges and contributions from private sources or donations.

Departments: Water Distribution, Water Plant, Wastewater Transmission, Wastewater Plant, Customer Service, and Water & Wastewater Administration.

SUMMARY OF CHANGES IN FUND BALANCE/NET POSITION

Fund balance/net position measures the net financial resources available to finance expenditures of future periods. The fund balance policy is tailored to implement Governmental Accounting Standards Board (GASB) Statement No. 54 establishing a hierarchy clarifying the constraints that govern how the City can use amounts reported as fund balance/net position. The policy is intended to state the classification of fund balances into various components, define those with the authority to classify fund balance, determine the order in which expenditures may be made when various fund balance classifications are available, and provide formal action required to make changes to fund balance classification.

Preliminary Summary of Changes in Fund Balance/Net Position					
	General Fund	Other Governmental Funds (Aggregate)	Parking Lot Fund	Stormwater Fund	Water & Sewer Utility Funds
October 1, 2017 Fund Balance	\$ 7,732,871	\$ 5,811,430	\$ 949,170	\$ 3,391,146	\$ 54,685,266
FY 2018 Amended Budget - Revenues	41,937,190	10,836,230	118,300	3,051,920	13,431,230
FY 2018 Amended Budget - Fund Balance/Net Position	1,950,000	6,304,370	-	2,146,720	10,099,240
FY 2018 Amended Budget - Expenditures/Expenses	43,887,190	17,140,590	118,300	3,051,920	23,530,470
Net Change in Fund Balance/Net Position - +/-(-)	\$ (1,950,000)	\$ (6,304,370)	\$ -	\$ (2,146,720)	\$ (10,099,240)
September 30, 2018 Ending Fund Balance/Net Position (F)	\$ 5,782,871	\$ (492,940)	\$ 949,170	\$ 1,244,426	\$ 44,586,026
FY 2019 Budgeted Revenues	37,548,600	452,900	118,300	328,100	14,217,960
FY 2019 Appropriated Fund Balance/Net Position	2,621,450	-	-	371,490	451,760
FY 2019 Budgeted Expenditures/Expenses	40,170,050	5,516,430	118,300	699,590	14,217,960
Net Change in Fund Balance/Net Position - +/-(-)	\$ (2,621,450)	\$ -	\$ -	\$ (371,490)	\$ (451,760)
September 30, 2019, Ending Fund Balance/Net Position (I)	\$ 3,161,421	\$ (492,940)	\$ 949,170	\$ 872,936	\$ 44,134,266

Financial procedures for the City are outlined in Article V of the City Charter. In addition, Financial Management Policies have been included in the Financial Summaries section of this budget book. Actual fund balance for FY 2018 will be reported upon completion of the annual audit and issuance of the Comprehensive Annual Financial Report. Above table is preliminary until completion of the annual audit.

General Fund: The General Fund is the main operating fund of the City. Revenues for this fund are derived primarily from property taxes, utility service taxes, franchise fees, licenses and permits, intergovernmental, and charges for services. Fund balance is used to balance the General Fund budget; however, it is presumed that 100% of monies budgeted will not be expended because of City cost cutting measures and capital projects approved in the budget placed on hold. For FY 2019, a portion of the fund balance to balance the budget is being used for capital purchases and to transfer to the General Capital Projects Fund for one-time expenditures for projects and equipment. The \$2.6 million that is being used to balance the budget for FY 2019 is from unassigned fund balance. In FY 2016 and FY 2017 fund balance was used to balance the proposed budgets. Actual operations resulted in a decrease in fund balance of \$190 thousand and \$2.3 million, respectively.

Other Governmental Funds (Aggregate): These funds consist of Special Revenue Funds, the Debt Service Fund, and the General Capital Projects Fund. They include expenditures for roads, grants, police

forfeitures, capital projects, and general obligation debt service payments. The anticipated change in fund balance for these funds may result from increases in funding for capital outlay including police expenditures, road repairs and capital improvement projects including replacement of a park improvements, building renovations, and various other projects.

Parking Lot Fund: The Parking Lot fund accounts for the operation of the City's two parking lots used for storage of residents' RV's and boats. In FY 2017, the actual net position decreased by \$37,000. Based on projected stable revenue and expenses, no change in net position is expected for FY 2019.

Stormwater Fund: The Stormwater fund accounts for the operation of the City's stormwater utility which includes collection, disposal and treatment of stormwater. In FY 2017, the actual net position increased by \$100,000. Based on projected slight revenue increase and a major improvement project, the net position is expected to decrease for FY 2019.

Water & Wastewater Fund: The Water & Wastewater Fund is anticipated to continue to be financially sound and to be able to provide necessary funding to support the cost of obtaining goods and services related to Water & Sewer operations and capital. Actual net position in FY 2017 increased \$851 thousand. The change in net position for these funds can be attributed to rate increases and expenses that were less than projected.

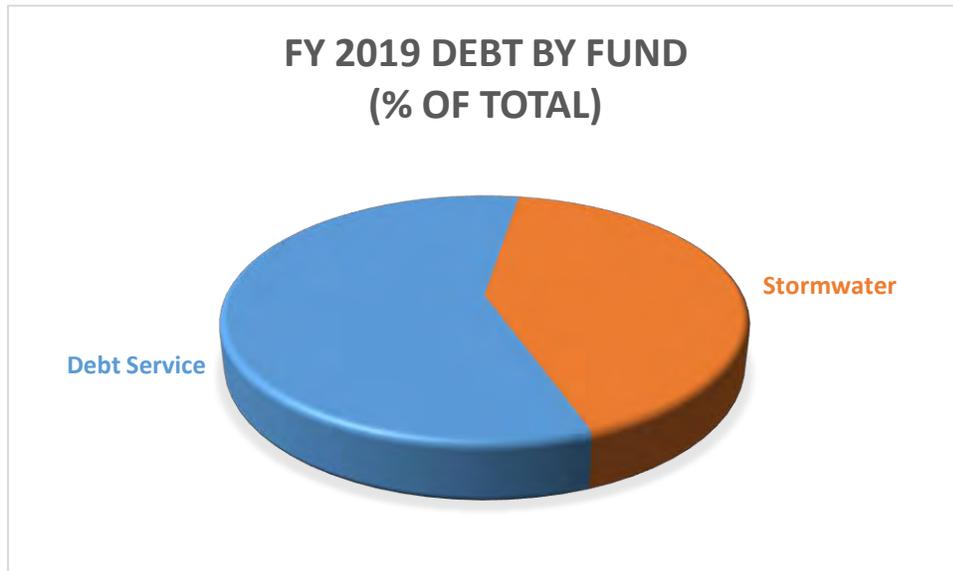

DEBT SERVICE

Purpose: To provide for the repayment of government debt, collateralized by the full faith and credit of the City’s taxing authority. The City has no legal debt limits. The City’s projected outstanding debt as of September 30, 2018 is approximately \$1.8 million. The outstanding debt consists of the following debt instruments, General Obligation Bonds and Stormwater Notes Payable.

Debt Appropriation by Fund				
Fiscal Year 2019				
Fund	Type of Debt	Principal	Interest	Total
Debt Service Fund	General Obligation	\$ 291,952	\$ 2,854	\$ 294,806
General Fund Total		\$ 291,952	\$ 2,854	\$ 294,806
Stormwater Fund	Notes Payable	\$ 172,893	\$ 39,663	\$ 212,556
All Funds Total		<u>\$ 172,893</u>	<u>\$ 39,663</u>	<u>\$ 212,556</u>

GENERAL OBLIGATION DEBT SERVICE FUND

The General Obligation (G.O.) Debt Service fund is the accumulation of property taxes used to pay principal, interest and related costs of the General Obligation Bonds, Series 1999 that were issued for the construction of the Phase II of the Sports Complex and constructing, furnishing, and equipping a new police station in the City. The bonds are payable from ad valorem taxes assessed, levied and collected without limitation as to rate or amount, on all taxable property within the corporate City limits.

STORMWATER FUND

The Stormwater department is used to budget for principal and interest payments of the Stormwater Notes Payable entered into by the City in April, 2017. The Notes Payable was issued to finance improvements to the City’s stormwater management utility system.

**FISCAL YEAR 2019
ANNUAL OPERATING BUDGET**

The tables below show a five-year breakdown of the payment schedule for the City's various debt instruments, a brief description of each type of debt, purpose and amount of the issue, interest rates and maturity dates.

DEBT SERVICE SUMMARY					
	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023
Principal	\$ 291,952	\$ -	\$ -	\$ -	\$ -

OFFICE OF THE CITY COMMISSION

Description:

The City of Cooper City is governed by a Mayor/City Commission/City Manager form of government, which combines the political leadership of elected officials with the managerial experience of an appointed administrator. The Mayor is elected at large and is the presiding officer at Commission Meetings and Workshops. The City Commission is made up of the Mayor and four (4) district Commissioners.

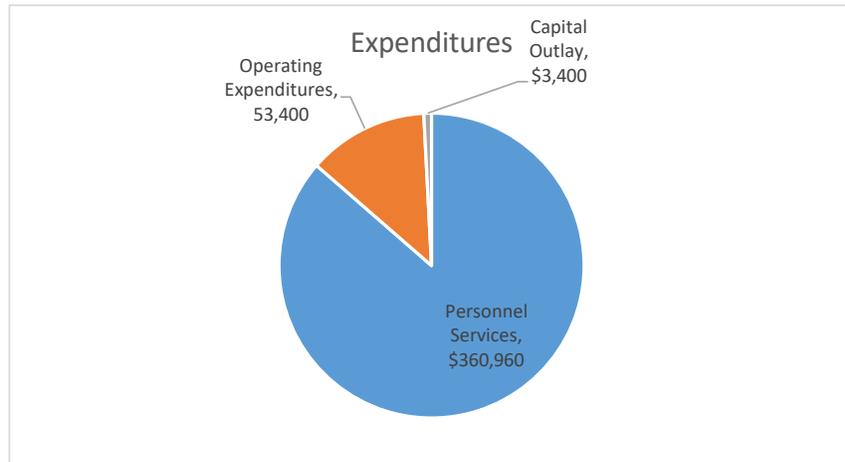

The City Commission provides leadership and sets policies for the City, sets the general direction of the government and possesses all powers provided for general law by the City Charter. The City Commission sets service levels, approves the budget, adopts ordinances, and oversees the City's Advisory Boards. The City Commission also develops the City's mission statement, policies, strategic plan, and annual goals and objectives. In addition, the City Commission authorizes the execution of all City contracts, except as set forth by ordinance. The Mayor and City Commission serve as the legislative and policy-making body of the municipal government.

ADMINISTRATION

Description:

The Administration department of the City is responsible for the efficient operations of all departments and the effective implementation of policy directives collectively from the Commission. In addition to carrying out policy directives, the Administration department ensures the financial stability of the City, assesses major issues facing the City, focuses on organizational improvements and recommends the execution of contractual agreements. The City Manager, head administrator, attends Commission meetings and workshops to present legislation for the City Commission's consideration.

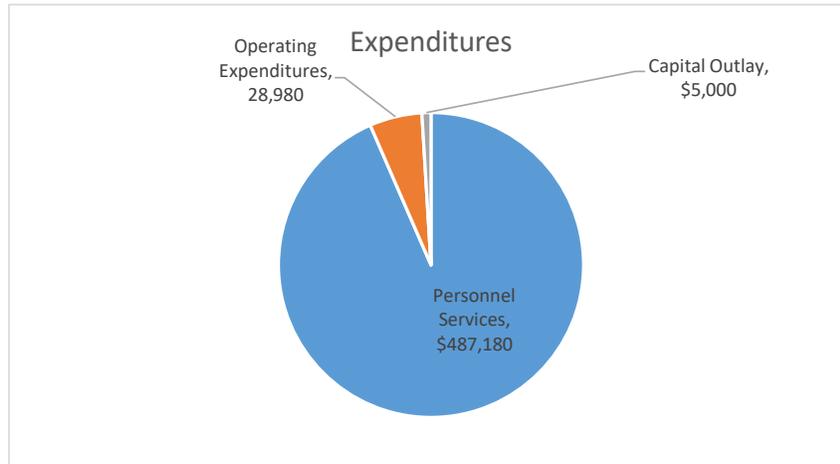

The Administration department enforces all City laws and Ordinances, appoints and removes all subordinate officers and employees and manages all departments created by the Commission. The City Manager adopts administrative policies, submits an annual budget, advises the City Commission on the financial condition of the City and performs other duties as required by established Ordinances and Resolutions. The City Manager is appointed by the Mayor and Commissioners and serves at their discretion.

OFFICE OF THE CITY CLERK

Description:

The Office of the City Clerk is the custodian of the City’s records. The Office is also responsible for maintaining all official documents which include contract implementation and records management, conducting City elections, overseeing the City’s legal advertisement obligations, writing and preparing meeting agendas for City Commission meetings, participating in all City Commission meetings and workshops, transcribing minutes of City Commission meetings and workshops, processing passports, processing incoming and outgoing mail, and administering oaths to all elected officials. The Office is also responsible for hiring and retaining the best candidates, managing benefits, managing risks and liabilities, delivering training and employee coaching and all other Human Resources responsibilities.

Departmental Budget Priorities:

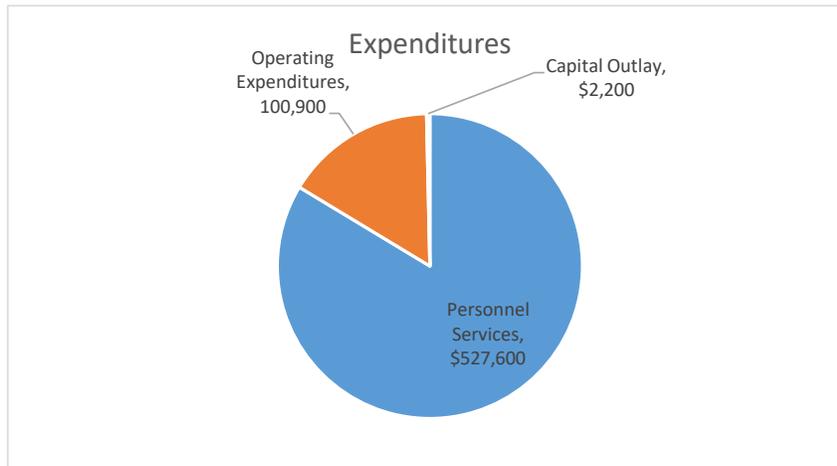

- Electronic agenda management solution – to create a more efficient and transparent agenda process.
- Negotiate health insurance premiums – work to make minor modifications to the current plan and negotiate to lower the percentage increase.
- Increase training – provide a City-wide diversity training, and “servant leadership” training for any employees who engage regularly with the public.
- Update the City’s website – change website providers to increase transparency and user-friendliness for residents.
- Research installation of security cameras to provide supplemental safety tools for all City facilities.

LEGAL

Description:

The City Attorney is the legal officer of the City, appointed by the City Commission to serve as the chief legal advisor to the Mayor and City Commission, the City Manager, and all City departments. The City Attorney assures that the City is represented in all legal proceedings and performs any other duties prescribed by the charter, by ordinance, or by City Commission direction.

The City Attorney represents the City in legal undertakings, including labor law, defense of civil rights claims, code enforcement, municipal prosecutions, drafting of all ordinances and resolutions, and advising City officials and staff.

BOARDS & COMMITTEES

Description:

The advisory boards and committees are bodies that provide non-binding strategic advice to the Commission. Advisory board members are appointed by the City Commission. The advisory boards in the City of Cooper City are comprised of the following boards:

- Public Safety Advisory Board
- Business Advisory Board
- Education Advisory Board
- General Employees' Pension Plan
- Manager's Pension Plan
- Green Advisory Board
- Planning and Zoning Board
- Recreation Advisory Board
- Charter Review Board

GROWTH MANAGEMENT

Description:

The Growth Management Department is responsible for zoning approvals for all building permits including new homes and businesses, additions and alterations. The Department staff reviews all permits and is available during business hours to answer zoning questions, i.e. zoning requirements for pools, screen enclosures, fences, patios, driveways, etc.

Growth Management is also responsible for the Comprehensive Plan, including the Future Land Use, Transportation, Infrastructure and Recreation Elements, among others. The Department also maintains statistics on population and housing units for the Comprehensive Plan, as well as provides status reports for adequate public facilities for all new developments in Cooper City.

The Growth Management Department reviews all new developments as proposed by landowners and/or developers. As staff to the Development Review Committee, the Planning & Zoning Board, and the City Commission, the Department guides the development review process of the City in accordance with the Land Development Regulations of Cooper City and its approved Comprehensive Plan.

Departmental Budget Priorities:

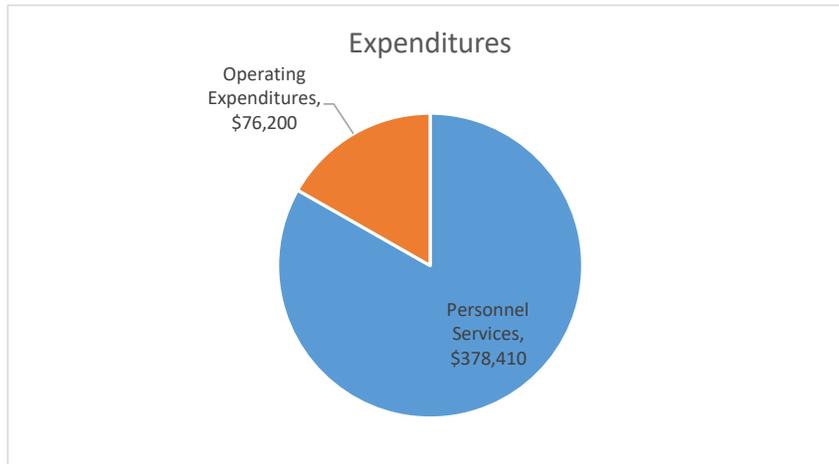

- Adjust Dues and Memberships, Travel and Per Diem, and Education and Registration for “cost of living” increases.
- Maintain the Housing Assistance Program through the CDBG Program which uses federal grant dollars.
- Maintain its current spending level on Professional Services expenses for studies and appraisal where necessary.

PUBLIC WORKS

Description:

The Public Works Department is responsible for the asset development, maintenance and management of the City's physical assets. The department is responsible for managing and maintaining all City assets, with the exception of information systems and the water and sewer and stormwater infrastructure. These assets include all City-owned properties, buildings, parks, roadways, vehicles, pedestrian ways, medians, recreational trails, drainage systems, street lights and traffic signs. The department performs its services using a mix of in-house and contractual work forces. By continually reviewing, updating, and revising outsourced work scope, the department is able to ensure the best value for the City. The department contains the following Divisions: Administration, Property Maintenance, Streets Maintenance, Park Maintenance, and Fleet Services. While each division has a defined role and is responsible for certain assets, the department works together to efficiently manage the assets of the City within the fiscal constraints set by the budget.

The department includes the Capital Projects Coordinator who oversees the implementation and execution of all capital improvement projects in the City.

Departmental Budget Priorities:

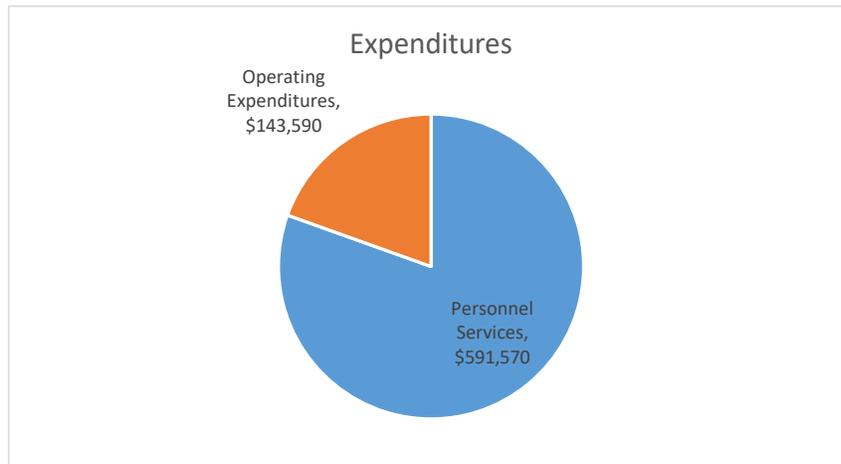

- Continue to provide high level of service in daily operations and high percentage of project completion in the capital program.
- Budget includes staff and equipment for the opening of Flamingo West Park and the purchase of a new bucket truck.
- Capital Projects will include the installation of permanent standby generators in the Community Center and Pool & Tennis Center as well as installation of impact windows and doors.
- Finalize construction documents for the new Public Works Administration building.

BROWARD SHERIFF'S OFFICE (BSO)

Description:

The Broward Sheriff's Office serves as the City's primary law enforcement, fire rescue service, and code compliance agency. The Sheriff's Office is responsible for maintaining and protecting the health, safety, and welfare of the community. It is their mission to preserve the peace, to provide police, fire, and code enforcement services, to impartially enforce the law, and to protect the rights of the citizens.

The Broward Sheriff's Office, District 16, provides services to the City, under a renewable contract. The contract describes the manner in which the services are to be performed, staffing levels, criminal investigations, and reporting structure. District 16 works closely with the community and the City to identify and address illegal or suspect activities while maintaining responsibilities in the Broward Sheriff's Office. In addition, the Broward Sheriff's Office provides ancillary services, such as full service crime lab processing, helicopter patrol, organized crime units, prison and jail services, and traffic homicide investigations.

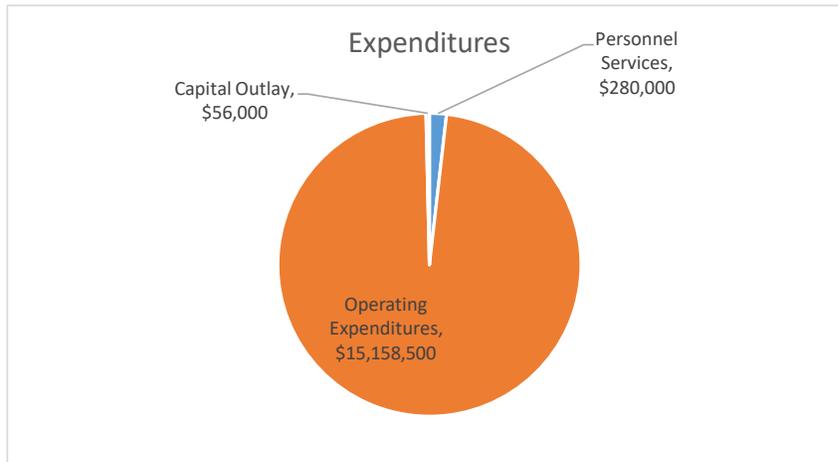

The current contract with BSO is set to expire as of September 2019. The City Commission has established the Public Safety Advisory Board to assist Administration in the facilitation of a new agreement for public safety services to include Police, Code Enforcement, and Fire Rescue services.

RECREATION

Description:

The Recreation department is dedicated to providing a wide variety of recreational programs, special events, and quality community facilities that enhance the quality of life for our residents. The below information highlights what we have to offer. The Recreation department has two facilities which provide fitness activities, aquatic activities, youth camps and enrichment programs, special events, youth sports, and adult activities.

Departmental Budget Priorities:

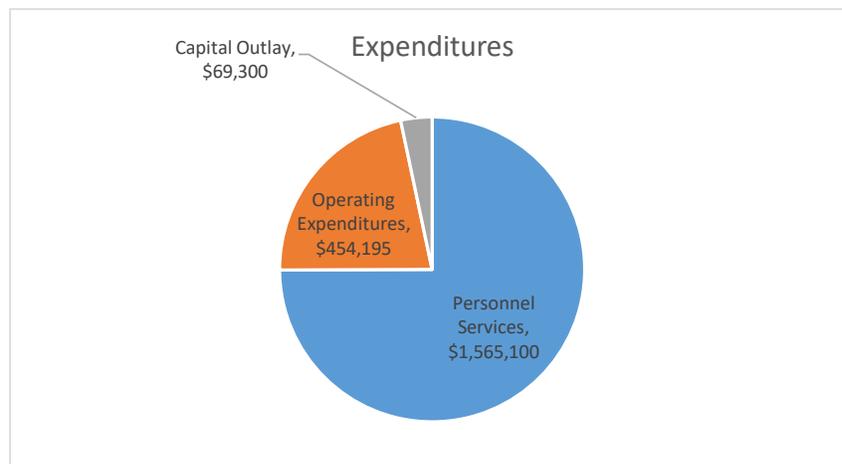

- Increase in annual events to encompass new events, performer costs, fireworks, and children’s activities at various events. Additional funding is needed due to increased demand of events.
- Additional funding for youth camps and enrichment programs due to increased campers and field trip costs.
- Funding for new adult programs – walking program and increased senior transportation.
- Integrate current RecTrac system with WebTrac system to allow for online registrations/facility reservations as well as the ability to make online payments for recreation programs and events.
- Upgrade and enhance the weight room at the Pool & Tennis Center.
- Upgrade the aquatic facility with an automatic control system and chemical feeder for a more efficient water chemistry process as well as installation of a shade structure on the pool deck for the parents and participants of the aquatic programs.

BUILDING SERVICES FUND

BUILDING

Description:

The function of the Building Department is to review permits and inspect structures for compliance with the Florida Building Code and City of Cooper City Code of Ordinances. Additions, alterations, fences, sheds, window and door replacements, sprinkler systems, reroofs, and new extensions of driveways are examples of construction which require a permit prior to the commencement of work. Fees are determined by the type of work being performed.

In addition, the Building Department is responsible for regulating all businesses in the City – both in commercial centers as well as home-based businesses. Questions regarding the qualifications of a contractor, information about plan requirements, or permit requirements are handled by Building Department staff.

WATER & SEWER FUND

WATER & SEWER

Description:

The Utilities department is responsible for the operation and maintenance of the City's water and sewage systems, which includes compliance with Federal, State, and Local regulatory agencies to ensure high quality drinking water for our community. The Utilities department is composed of the following divisions: Water and Wastewater Administration, Water Distribution, Water Plant, Wastewater Transmission, and Wastewater Plant. Customer Service is funded by the Water and Sewer Fund. However, it is a division of the Finance Department in the General Fund.

Departmental Budget Priorities:

- Additional funds for replacement of the 0.5 million gallon steel water storage tank (\$450,000)
- Replacement of 2,000 water meters with digital meters (\$525,000)
- Rehabilitation of Sewer Pump Station #55 (\$200,000)
- Annual funding for the on-going gravity sewer rehab program ongoing (\$300,000)
- Rehabilitation of Sewer Pump Station #48 and associated force main (\$750,000)
- Re-route 90th Avenue force main to Pump Station #55 (\$680,000)
- Replacement of crane truck, service truck, & fuel tank truck for operations (\$160,000)
- Replacement of on-site generator for Sewer Pump Station #41 - serving all of Embassy Lakes (\$75,000)
- New trailered 480V generator to add to emergency generator fleet (\$60,000)
- Asset and work management software acquisition and implementation (\$250,000)

FY 2019 - FY 2023 Capital Projects

Project Name:	Improvements - Stormwater Drainage
Project Number:	
Location:	SW 103rd Ave & SW 55th Ln
Status:	New Project
Benefit Department:	Utilities
Project Manager:	Mike Bailey
Priority:	
Est. Project Cost:	\$200,000
Funding Source:	Stormwater Fund
Construction Year:	FY 2019

Description/Justification
Proposed improvements to SW 103rd Ave & SW 55th Ln to relieve excessive standing water after storm events. Has been on hold for several years due to higher priority projects.

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated

FY 2019 - FY 2023 Capital Projects

Project Name:	Pump Station #55 Rehab
Project Number:	18035
Location:	Pump Station #55
Status:	New Project
Benefit Department:	Utilities
Project Manager:	Mike Bailey
Priority:	
Est. Project Cost:	\$200,000
Funding Source:	Water & Sewer Capital Improvement Fund
Construction Year:	FY 2018 - 2019

Description/Justification
Rehabilitation of wastewater master pump station #55, including replacement of pumps, electrical equipment, and controls. Current equipment is deteriorating due to age (1980's) and is inefficient.

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated

FY 2019 - FY 2023 Capital Projects

Project Name:	Gravity Sewer Rehab Lining
Project Number:	18036
Location:	
Status:	Annual Project
Benefit Department:	Utilities
Project Manager:	Mike Bailey
Priority:	
Est. Project Cost:	\$300,000
Funding Source:	Water & Sewer Capital Improvement Fund
Construction Year:	FY 2018 - 2019

Description/Justification
Annual rehabilitation of sewer mains, laterals, and manholes (typically via lining/coating).

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated	
Capital Projects Fund - 453	\$ -	\$ -	\$ -	\$ -	\$ -	\$ -	Start Date	Completion Date

FY 2019 - FY 2023 Capital Projects

Project Name:	Steel Water Tank Replacement
Project Number:	17001
Location:	
Status:	New Project
Benefit Department:	Utilities
Project Manager:	Mike Bailey
Priority:	
Est. Project Cost:	\$450,000
Funding Source:	Water & Sewer Capital Improvement Fund
Construction Year:	FY 2018 - 2019

Description/Justification
Replacement of 500,000 gallon steel water storage tank on treatment plant site. The existing tank is in poor condition. A recent engineering analysis suggested complete replacement with a prestressed concrete tank as the most cost effective option

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated

FY 2019 - FY 2023 Capital Projects

Project Name:	Lift Station #48 Force Main Replacement
Project Number:	18038
Location:	
Status:	New Project
Benefit Department:	Utilities
Project Manager:	Mike Bailey
Priority:	
Est. Project Cost:	\$750,000
Funding Source:	Water & Sewer Capital Improvement Fund
Construction Year:	FY 19

Description/Justification
Rehabilitate deteriorated lift station by converting it to a submersible station, and replace pumps/motors, along with replacement of 1,400 feet of deteriorated force main.

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated

FY 2019 - FY 2023 Capital Projects

Project Name:	Bill Lips Park Lighting Replacement
Project Number:	18030
Location:	Bill Lips Park
Status:	New Project
Benefit Department:	Public Works
Project Manager:	Richard Freeman
Priority:	
Est. Project Cost:	\$400,000
Funding Source:	Capital Projects Fund & 50/50 Grant
Construction Year:	FY 2018 - 2019

Description/Justification
Retrofit the existing lighting with LED lights utilizing the LWCF 50/50 grant. The existing lights are old and inefficient. This project is estimated to take 6 months to complete.

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated

FY 2019 Capital Projects

Project Name:	PW Admin. Bldg. Construction Contract Documents
Project Number:	18043 "A"
Location:	Public Works Compound
Status:	New Project
Benefit Department:	Public Works
Project Manager:	Richard Freeman
Priority:	
Est. Project Cost:	\$1,500,000
Funding Source:	Capital Projects Fund
Construction Year:	FY 2019

Description/Justification
Develop engineered specifications and a bid package for the construction of a new Public Works Administration Building, which includes a training room that can function as the City's Emergency Operations Center (EOC). The budget number is for construction contract documents for the Public Works new administration building. This project is estimated to take 6 months to complete.

Funding Sources:	FY 19	FY 20	FY 21	FY 22	FY 23	Total	Project Estimated	
Capital Projects Fund - 300	\$ 300,000	\$ 1,200,000	\$ -	\$ -	\$ -	\$ 1,500,000	Start Date	Completion Date

FY 2019 - FY 2023 Capital Projects

Project Name:	Building Dept. Renovation
Project Number:	17019
Location:	Building Dept. City Hall
Status:	New Project
Benefit Department:	Building
Project Manager:	Richard Freeman
Priority:	
Est. Project Cost:	\$540,000
Funding Source:	Capital Projects Fund
Construction Year:	FY 2018 - 2019

Description/Justification
Building Department Renovation is a complete renovation of the area where the Building Dept. and Growth Management are located at City Hall. The space was very ineffective for engaging with residents, contractors, and other members of the public. This upgraded space will allow these two departments to operate more efficiently and effectively.

GLOSSARY OF ACRONYMS AND TERMS

Accrual Basis – A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Ad Valorem Taxes – Commonly referred to as property taxes, levied on both real and personal property, according to the property’s valuation and tax rate.

Amended Budget – The current budget, resulting from changes to the Adopted Budget. An example of a common change would be a line item transfer of funds.

Appropriation – A legal authorization to incur obligations and make expenditures for specific purposes.

Assessed Valuation – The valuation set upon real estate and certain personal property by the Property Appraiser as a basis for levying property taxes.

Asset – Resources owned or held by a government which have monetary value.

Balanced Budget - A balanced budget is described as the amount available from taxation and other sources (revenues), including amounts carried over from prior fiscal years that must equal the total appropriations for expenditures and reserves.

Base Budget – Projected cost of continuing the existing levels of service in the current budget year.

Bond – A long-term I.O.U. or promise to pay. It is a promise to repay a specified amount of money (the face amount of the bond) on a particular date (the maturity date). Bonds are primarily used to finance capital projects.

BSO – Broward Sheriff’s Office

Budget – A plan of financial activity for a specified period of time (fiscal year or biennium) indicating all planned revenues and expenses for the budget period.

Budgetary Basis – This refers to the basis of accounting used to estimate financing sources and uses in the budget. This generally takes one of three forms: GAAP, cash, or modified accrual.

Budget Calendar – The schedule of key dates, which a government follows in the preparation and adoption of the budget.

Budgetary Control – The control or management of a government in accordance with the approved budget for the purpose of keeping expenditures within the limitations of available appropriations and resources.

Capital Assets – Assets of significant value and having a useful life of more than one year. Capital assets are also called fixed assets.

Capital Budget – The appropriation of bonds or operating revenue for improvements to facilities, and other infrastructure.

Capital Improvements – Expenditures related to the acquisition, expansion or rehabilitation of an element of the physical plant of the government-sometimes referred to as infrastructure.

Capital Improvement Program (CIP) – An expenditure plan incurred each year over a fixed number of years to meet capital needs arising from the long term needs of the government.

Capital Outlay – Expenditures for fixed assets which have a value of \$1,000 or more and have a useful economic lifetime of more than one year; or, assets of any value if the nature of the item is such that it must be controlled for custody purposes as a fixed asset.

GLOSSARY OF ACRONYMS AND TERMS

Capital Project – Major construction, acquisition, or renovation activities which add value to the physical assets of a government, or significantly increase their useful life. Also called capital improvements.

Cash Basis – A basis of accounting which recognizes transactions only when cash is increased or decreased.

CERT -Community Emergency Response Team

CDBG – Community Development Block Grant

Charges for Services/Services Revenue – An established fee charged for a particular service in addition to basic service.

Collective Bargaining Agreement – A legal contract between the employer and a verified representative of a recognized bargaining unit for specific terms and conditions of employment (e.g., hours, workings conditions, salary, fringe benefits, and matters affecting health and safety of employees).

Commission Approved Budget – The original budget as approved by the City Commission at the beginning of the fiscal year.

Constant or Real Dollars – The presentation of dollar amounts adjusted for inflation to reflect the real purchasing power of money as compared to a certain point in time.

Consumer Price Index (CPI) – A statistical description of price levels provided by the Federal Government. The index is used as a measure of the increase in the cost of living (i.e., economic inflation).

Contingency – A budgetary reserve set aside for emergencies or unforeseen expenditures not otherwise budgeted.

Contractual Services – Services rendered to a government by private firms, individuals, or other governmental agencies. Examples include utilities, rent, maintenance agreements, and professional consulting services.

Cost-of-Living Adjustment (COLA) – An increase in salaries to offset the adverse effect of inflation on compensation.

Debt Service – Payment of principal and interest on borrowed money according to a predetermined payment schedule.

Deficit – The excess liability of an entity over its assets; or the excess of expenditures or expenses over revenues during a single accounting period.

Department – The basic organizational unit of government which is functionally unique in its delivery of services.

Depreciation – The decline in the value of assets due to wear and tear, age, or obsolescence.

Employee (or Fringe) Benefits – Contributions made by a government to meet commitments or obligations for employee fringe benefits. Included are the government's share of costs for Social Security and the various pension, medical, and life insurance plans.

Encumbrance – The commitment of appropriated funds to purchase an item or service. To encumber funds means to set aside or commit funds for a specified future expenditure.

EMS – Emergency Medical Services

Expenditure – The payment of cash on the transfer of property or services for the purpose of acquiring an asset, service or settling a loss.

Expense – Charges incurred (whether paid immediately or unpaid) for operations, maintenance, interest or other charges.

GLOSSARY OF ACRONYMS AND TERMS

Fiscal Policy – A government’s policies with respect to revenues, spending, and debt management as these relate to government services, programs and capital investment. Fiscal policy provides an agreed-upon set of principles for the planning and programming of government budgets and their funding.

Fiscal Year – A twelve-month period designated as the operating year for accounting and budgeting purposes in an organization. For Lauderdale Lakes, this twelve (12) month period is October 1 to September 30.

Fixed Assets – Assets of long-term character that are intended to continue to be held or used, such as land, buildings, machinery, furniture, and other equipment.

Franchise Fee – Fees assessed on public utility corporations in return for granting a privilege to operate inside the City limits, e.g. water, electricity, cable television.

Full Time Equivalent - The equivalent of one person working full time: 8 hrs/day. Example: A part-time employee works 40 hours per pay period, this person is an equivalent .5 of a full-time employee (40 x 26/2080).

Fund – A fiscal entity with revenues and expenses which are segregated for the purpose of carrying out a specific purpose or activity.

Fund Balance – The excess of the assets of a fund over its liabilities, reserves, and carry-over.

GAAP – Generally Accepted Accounting Principles. Uniform minimum standards for financial accounting and recording, encompassing the conventions, rules, and procedures that define accepted accounting principles.

General Fund – Fund used to account for financial resources except those required to be accounted for in another fund.

General Obligation (G.O.) Bond – This type of bond is backed by the full faith, credit and taxing power of the government.

Governmental Fund – Funds in which most governmental functions of the City are financed.

Grants – A contribution by a government or other organization to support a particular function. Grants may be classified as either operational or capital, depending upon the grantee.

Indirect Cost – A cost necessary for the functioning of the organization as a whole, but which cannot be directly assigned to one service.

Infrastructure – The physical assets of a government (e.g., streets, water, sewer, public buildings and parks).

Interfund Transfers – The movement of monies between funds of the same governmental entity.

Intergovernmental Revenue – Funds received from federal, state and other local government sources in the form of grants, shared revenues, and payments in lieu of taxes.

Levy – To impose taxes for the support of government activities.

Line-item Budget – A budget prepared along departmental lines that focuses in detail on what is to be bought.

Long-term Debt – Debt with a maturity of more than one year after the date of issuance.

Mill – The property tax rate which is applied to the valuation of property. A tax rate of one mill produces one dollar of taxes on each \$1,000 of assessed property valuation.

GLOSSARY OF ACRONYMS AND TERMS

Modified Accrual Basis – The basis of accounting in which transactions are recognized when they become measurable and available.

Object of Expenditure – An expenditure classification, referring to the lowest and most detailed level of classification, such as electricity, office supplies, asphalt, and furniture.

Objective – Something to be accomplished in specific, well-defined, and measurable terms and that is achievable within a specific time frame.

Obligations – Amounts which a government may be legally required to meet out of its resources. They include not only actual liabilities, but also encumbrances not yet paid.

Operating Expenses – The cost for personnel, materials and equipment required for a department to function.

Operating Revenue – Funds that the government receives as income to pay for ongoing operations. It includes such items as taxes, fees from specific services, interest earnings, and grant revenues. Operating revenues are used to pay for day-to-day services.

Pay-as-you-go Basis – A term used to describe a financial policy by which capital outlays are financed from current revenues rather than through borrowing.

Personnel Services – Expenditures for salaries, wages, and fringe benefits of a government's employees.

Prior-year Encumbrances – Obligations from previous fiscal years in the form of purchase orders, contracts or salary commitments which are chargeable to an appropriation, and for which a part of the appropriation is reserved.

Program – A group of related activities performed by one or more organizational units for the purpose of accomplishing a function for which the government is responsible.

Proprietary Funds – These are funds which operate on a business like basis. These funds derive their revenue primarily from the fees received for the sources they provide and are self-sufficient. Examples of this include the Parking Lot, Stormwater, and Water-Sewer Utility Funds.

Purpose – A broad statement of the goals, in terms of meeting public service needs, that a department is organized to meet.

Reserve – An account used either to set aside budgeted revenues that are not required for expenditure in the current budget year or to earmark revenues for a specific future purpose.

Resolution – A special or temporary order of a legislative body; an order of a legislative body requiring less legal formality than an ordinance or statute.

Resources – Total amounts available for appropriation including estimated revenues, fund transfers, and beginning balances.

Revenue – Sources of income financing the operations of government.

Rolled-back Rate – The tax rate when applied to the current year's adjusted taxable value, generates the same ad valorem tax revenue as the prior year.

Sales and Use Tax Revenue – Sales taxes paid on goods and services that is collected at the time of purchase and submitted to the State. A use tax is paid when a sales tax was not paid. Both are collected by the State and then distributed to municipalities based upon its population.

GLOSSARY OF ACRONYMS AND TERMS

Source of Revenue – Revenues are classified according to their source or point of origin.

Taxes – Compulsory charges levied by a government for the purpose of financing services performed for the common benefit of the people. This term does not include specific charges made against particular persons or property for current or permanent benefit, such as special assessments.

Transfers In/Out – Amounts transferred from one fund to another to assist in financing the services for the recipient fund.

TRIM – Truth In Millage (Section 200.065, Florida Statute)

Unencumbered Balance – The amount of an appropriation that is neither expended nor encumbered. It is essentially the amount of money still available for future purposes.

Unreserved Fund Balance – The portion of a fund's balance that is not restricted for a specific purpose and is available for general appropriation.

User Charges – The payment of a fee for direct receipt of a public service by the party who benefits from the service.

Utility Taxes – Municipal charges on consumers or various utilities such as electricity, gas, water, telecommunications.
