SUBJECT: NOTICE OF RESPONSIBILITY FOR IRRIGATION REPAIRS

Dear Resident:

We wanted to let you know that irrigation systems within the right of way and on private property may be damaged while the city’s contractor is repairing the sidewalks. It is the responsibility of the property owner, as the owner of the irrigation system, to notify the Public Works Department of any damage to your irrigation system within fifteen (15) days of the repairs being completed.

Once repairs to the sidewalk are completed, please turn on and check your irrigation system within the area of the sidewalk repairs. Notify Public Works immediately at 954-434-2300 if repairs are needed. After 15 days the property owner will be responsible for all irrigation repairs adjacent to the sidewalk.

Please complete the information below to acknowledge this information and submit this form with your Hold Harmless Agreement. Thank you.
